R – Respect

O – Open Minded

W – Wise

T – Talented

H – Happy

Policy Statement

This Accessibility Plan Policy has been drawn up in consultation with the staff and governors of the academy.

We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Key Responsibilities

The Governing Body must:

- Ratify the Accessibility Plan Policy.
- The Health & Safety Governor will work with the Caretaker and Business Manager and report back to the Resource and Finance Governing Body committee.
- Monitor the progress and implementation of the Accessibility Plan Policy within the Academy.

Shirley Manor Primary Academy plans, over time, to increase the accessibility of provision for all pupils, staff and visitors to the academy. The Accessibility Plan will contain relevant actions to:

- improve access to the physical environment of the academy, adding specialist facilities as necessary. This covers improvements to the physical environment of the academy and physical aids to access education.
- increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally,

prepared for life as are the able-bodied pupils; (If an academy fails to do this they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the academy such as participation in after-school clubs, leisure and cultural activities or academy visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

- improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the academy and academy events. The information should be made available in various preferred formats within a reasonable time frame.

Attached are Action Plans, relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New Plans will be drawn up every three years.

We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Curriculum
- Equal Opportunities and Diversity
- Health & Safety (including off-site safety)
- Special Education Needs
- Behaviour Management
- School Health and Safety Action Plan

The Action Plan for physical accessibility relates to the Access Audit of the academy, which is undertaken regularly by the Caretaker together with the Business Manager. It may not be feasible to undertake some of the works during the life of this Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each first three-year plan period in order to inform the development of the new plan for the following period.

The Plan will be monitored through Resources and Finance Committee of the Governors.

The academy will work in successfully developing and implementing this plan.

The plan may be monitored by Ofsted as part of their inspection cycle.

Declaration of Responsibility
