Working together to achieve excellence

Miss L Bailey – Head of School & SENDCo

If you have any concerns regarding an area of your child's development then speak to the class teacher initially, a meeting can then be scheduled with myself to look at the next steps.

Autism is a lifelong developmental disability which affects how people communicate and interact with the world. More than one in 100 people are on the autism spectrum and there are around 700,000 autistic adults and children in the UK. Please take a look at the National Autistic Society website for help, advise and support.
